

Toy D. Robinson is the Director of Engineering supporting the Air Force Program Executive Officer for Business and Enterprise Systems (AF PEO BES) within Air Force Material Command's Life-Cycle Management Center (AFMC AFLCMC). He oversees the technical execution of the Business Enterprise Systems Directorate's IT portfolio which delivers vital decision-making information to Air Force executives and airmen worldwide covering diverse areas of personnel, supply, aircraft maintenance, and financial accountability. Directs a diverse, technical workforce located across 3 separate and distinct geographic locations supporting a portfolio of over 140+ program offices.

Mr. Robinson was commissioned a second lieutenant through the Air Force ROTC program in 1983. He served as a communications-computer engineer on active duty until a medical retirement in 1989. He renewed his Air Force career as a civil servant beginning in 1991.
